## Objectives

I can choose a research topic and begin with a question. I will complete online activities to familiarize myself and learn about the research process. Topics included in the unit will include terms and background information needed for research, such as how to write a research question, choose and narrow a topic, locate reliable resources, MLA formatting, paraphrasing, summarizing, and quoting, and giving credit for information by creating a works cited page.

I will choose an article or video related to my research topic.

Students will write a summary including at least 5 facts and three direct quotes from a reliable source article over a chosen research topic.

Students will write a fact based summary from a reliable documentary or video source over a chosen research topic.

## Activities

Student Activities: (Resources, videos for students to use.)

Go to [Teams Folder](#). Look for the assignment:
