Objectives

(LPHS) (ART) Outreach Learning

April 27- May 1 , 2020

Objective: 30 Object Drawing

- Look around your bedroom or any room in your home, do not forget outside!
- Choose 30 objects that have meaning to you, anything that makes you happy.
- Using the Rule of Thirds that we learned about this year. Place the objects you want to have the most attention onto the intersections determined by these rules.
- Do not randomly place things on the page. Use balance, overlap your objects to create depth, use different sizes to create variety. (example if you have 5 posters that are the same size make them all different sizes)
- Turn objects sideways, horizontal, upside down .
- Use detail, Shading, must show value, cast shadows, highlights.
- You must incorporate a pattern, lines, shapes in-between your objects.

Artist Critique:

Tell me about your objects. How do they describe you? How did you choose to put your objects onto your rule of Thirds intersections?
