### Objectives

Objective / I Can:

1. Evaluate my favorite topic of the class and demonstrate mastery of understanding by creating a project of my choice.

### Student Activities:

Go to [Teams Folder](#). Look for the assignment: Final Class Project.

1. This is not a final exam, but rather a final project that will allow students to dig deep into a topic we have discussed or piqued their curiosity. Students will answer the following questions for their project:
  - A. What is your topic
  - B. What are 2 root causes of your topic and what role does it play in history?
  - C. How did this effect Germany, The Jewish Population, and other country's viewpoint?
  - D. What is a lasting effect of this topic? Why are we still talking about it?

Once they choose a topic, they need to show their understanding of the topic by addressing those questions in a format of their choice. It can be power point, research paper, video, or in whatever format they chose. They can work with a partner electronically, but they each have to turn in a copy of the finished product.

Go to [Teams Folder](#). Look for the assignment: Nazi Germany Survey

2. Students will complete a class survey. They will complete the survey on a Microsoft form and give me their honest answer!
