Objectives

Objective / I Can:

- Calculate resistance using voltage and current
- Analyze the relationship between electric current and magnetic fields

Activities

Student Activities: (Resources, videos for students to use.)

Go to [Teams Folder](#). Look for the assignment:

1. Read through the information on Electricity and Magnetism. Answer the follow up comprehension questions.
2. Watch the video and take notes on Ohm's Law. Then use your notes and the video as reference to complete the Ohm's Law Practice questions.

Academic/Instructional Support

Schedule:

Teacher Support - TEAMS

Support for each student will be available through TEAMS

Office Hours

Office hours: 8am -12pm M-F, dillardm@lpisd.org

LPHS IPC Outreach Learning

April 27 – May 1, 2020

To Be Graded

Assignment for students to submit to TEAMS Folder:

1. Electricity and Magnetism Comprehension Questions
2. Ohm's Law Practice Questions

Each assignment is worth 100 points, and will be recorded as a daily grade.

When is it due? May 4th by 8 a.m.

What assignments will the student submit?

1. Electricity and Magnetism Comprehension Questions
2. Ohm's Law Practice Questions

How will it be submitted?

Electronically through TEAMS or e-mail, except by individual arrangement.
